MATCH THE JOB TO THE PRODUCT

What to sell for the jobs your counter hears about most, and what has to go out the door with it. When a job does not fit this table, run it through the ROMEX Project Planner or call us.

THE CUSTOMER'S JOB	SELL	SELL IT WITH
Wide joints on porcelain, natural stone or a pool deck	**ROMEX ECOFINE**	ROMEX TRASS BED and ADHESION ELUTRIANT to upgrade the job to the ROMEX ten-year warranty (RSG-10)
Porcelain, natural stone or slabs in any format or pattern, without pouring a concrete slab, or a job that wants the ten-year warranty	**ROMEX TRASS BED**	ROMEX ADHESION ELUTRIANT and a ROMEX jointing product
Loose clear gravel on a path, patio or tree surround	**ROMEX PROFI-DEKO**	Clear aggregate without fines
Stone dust, screenings or decomposed granite	**ROMEX D7000**	Compacted aggregate with fines
Narrow joints on interlocking pavers or a driveway	**ROMEX FUGENSAND** SPECIAL ORDER	ROMEX D7000, every time
Light-colored or white aggregate	**ROMEX PURE +** SPECIAL ORDER	Light aggregate without fines
Permeable pavers, replacing loose grit in the joints (joints from 3/8" | 8mm), or control joints that need to flex	**ROMEX FLEX JOINT** SPECIAL ORDER	ROMEX ISATec Earth Anchors for the five-year RSG-5 warranty
Jointing into the cold, down to 23°F | -5°C	**ROMEX W1000** SPECIAL ORDER	ROMEX Filler Sand

> **The warranty is not automatic.** Buying ROMEX does not put a job under warranty. Registration does, and the application has to go in before any site work starts. Tell the contractor at the counter, while the job can still qualify.

NEVER SELL ALONE

ROMEX FUGENSAND needs ROMEX D7000. ROMEX TRASS BED needs ROMEX ADHESION ELUTRIANT and a ROMEX jointing product. ROMEX D1, D2000, DRAIN and W1000 need ROMEX Filler Sand.

BEFORE YOU QUOTE

Confirm joint widths and install temperatures against the data sheet for the product and color on the order. Special order products ship through your ROMEX rep.
