ROMEX® HARDSCAPES

ROMEX® NORTH AMERICA

# PRODUCT STORAGE GUIDE

Storage conditions, pallet quantities, unit weights and storage life for the full ROMEX product line. **Proper storage protects product quality** from the warehouse to the job site.

| 20 | 3 | 12–36 |
|---|---|---|
| PRODUCTS | PRODUCT LINES | MONTH STORAGE LIFE |

Proper storage of ROMEX products is essential to maintaining their quality. Minimize handling at each storage location and protect the products as described in this guide.
**Storage life starts from the manufacturer label date.**

TWO RULES COVER EVERYTHING

## GENERAL STORAGE GUIDELINES

### CEMENTITIOUS PRODUCTS

Must be kept dry at all times, including during transport.

### RESIN-BASED PRODUCTS

Protect from freezing and direct sunlight.

USED ON EVERY PRODUCT CARD

## STORAGE CONDITION KEY

- Do not stack pallets
- Frost-free storage
- Stack with layer separation
- Pallet sock for partials
- Protect from sunlight
- Store dry
- Keep in original package
- Protect from heat

REMEMBER

## KEY NOTES

- Always keep **cementitious products dry** to avoid compromising the material's integrity. Care must be taken during transport; plastic sock covers are recommended.
- Storing in **original packaging** is essential for certain products to ensure protection against environmental factors.
- For **resin products**, exposure to freezing temperatures and direct sunlight must be avoided to maintain product performance.
- Following these guidelines preserves the **quality and longevity** of ROMEX products, ensuring optimal performance during use.

**IMPORTANT**

When stored correctly, products may exceed their estimated shelf life, which serves as a **recommended timeframe for optimal performance rather than an expiration date**. While the product can remain viable beyond this date, please reach out to your ROMEX representative if you have concerns about the quality of an older product; they can assist you in evaluating its condition for use or sale.

**INSIDE, AWAY FROM WEATHER CONDITIONS**

## PROPER STORAGE
